

Faithfull (FAIAS200C)

## Contract Adjustable Spanner 200mm (8in)

The Faithfull Contract Adjustable Spanners have a ring spanner built into the handle. The drop forged construction and the moulded soft-grip handle combine strength with comfortable use. The adjustable jaw enables each wrench to be used on a number of different sized nuts or bolts. Jaw Capacity: 30mm Length: 200mm Ring in Spanner Handle: 13mm
