

## CT Faceplates

At the work area, Siemon CT faceplates offer a sleek, clean appearance for mounting CT couplers. Designation labels cover the mounting screws (included) and provide ample circuit identification.

### Write-on circuit designation labels

Protected by clear plastic cover conceal the mounting screws

### Faceplates and CT couplers

Are available in a wide range of colors.  
Stainless steel versions are also available

### UV resistant, high impact plastic

Prevents color fading and provides added durability

### Sheets of designation labels

Can be ordered for use with desktop printers

### Couplers

Can be easily snapped out of the front of the faceplates, making moves, adds, and changes quick and easy

### Cutouts

Allow couplers to pass through plates enabling mounting of faceplates after cables are terminated

### Faceplates

Include quick pressure-release designation label covers for quick, tool-less removal

## Ordering Information:

### CT Faceplates

#### Part Number

CT2-FP-(XX)
