# Toolless Coupler for Fiber Routing System, 120 mm (5 in.)

MODEL NUMBER: **SRFC5CPL5**

Raceway coupler connects 2 channel sections or other fittings in your data center's or network closet's fiber management system.

Highlights

- Allows you flexibility in creating your custom fiber optic cable routing system
- Constructed from durable but lightweight PVC plastic
- Easy to install with your fiber routing system with no tools needed

Applications

- Create a fiber routing system along the wall or ceiling of your data center or network closet or across the tops of the rack enclosures

System Requirements

Requires 2 x 5 in. or 120 mm wide section from Fiber Routing System

Package Includes

- Coupler, 120 mm
- (8) Round shank screws
- Installation guide

Features

High-Impact PVC Coupler Helps You Create Custom Fiber Cable Routing Schemes The SmartRack® SRFC5CPL5 connects two 120 mm channel sections or other fittings in your fiber routing system. Made from durable, lightweight PVC material, this coupler connects using the included hardware to help keep your fiber optic cable bundles neat and organized. Screws tighten by hand with no tools required to complete a professional, finished look in your data center, network closet or industrial space.
