# Cable Runway Vertical Wall Brackets, Straight

MODEL NUMBER: SRLVRTBRKT

Easy-to-install brackets safely and securely mount a straight cable runway vertically to a wall.

Features

Cable Ladder Bracket Kit Secures Your Data Center's Runway System Vertically to a Wall These cutting-edge SmartRack cable runway vertical wall brackets create a secure connection to the wall of your server room or data center. User-supplied hardware is required to secure the durable brackets to the wall. The mounting surface must be able to support the combined equipment load safely. Be sure to use suitable mounting means when installing to cinder block, concrete, drywall or wooden studs. The SRLVRTBRKT is designed for straight cable runway measuring 1.5 x 0.375 inches (38 x 9.5 millimeters) in diameter, including SRCABLELADDER and SRCABLELADDER18.

Highlights

- Securely connects cable management ladders vertically to the wall of your data center
- Ladders can be safely routed from the wall to outside an enclosure or open frame rack
- Compatible with 12 in. and 18 in. straight 1.5 x 0.375 in. (38 x 9.5 mm) cable runway
- Works with SmartRack® ladder system accessories and runways

Applications

- Secure a ladder runway system vertically to the wall of your data center or server room

System Requirements

- Compatible with straight ladder sections, including SRCABLELADDER and SRCABLELADDER18

Package Includes

- (2) Wall brackets
- Installation guide
